**Subject:** Bedrock v. Softlayer

Alan,

Please see the attached correspondence. As indicated in my letter, the attachments contain expanded claim charts for every accused version of Linux. In other words, these charts are not amended; they merely repeat the substance of Bedrock's infringement contentions separately for each accused version of Linux.

To the other Defendants,

If any of the other Defendants would like expanded claim charts, please let me

know and we will oblige.

Austin Curry
